

# EXPANDING THE ACE BASIN'S LIVING SHORELINES

*Hosted by the ACE Basin National Estuarine Research Reserve*

**THURSDAY, DECEMBER 6th**

**9:30 am - 3:00 pm**

Nemours Plantation

Yemassee, SC

---

**Workshop Objective:** To increase the knowledge of those who live, work, and play in the ACE Basin about oyster reef habitat restoration in the area, to establish working criteria for nominating restoration locations, and to select priority locations that will be evaluated for habitat restoration.

---

## AGENDA

- 9:00** Sign-in and coffee
- 9:30** **Welcome and Project Introduction**  
*John Leffler, Ph.D.; ACE Basin NERR and SC DNR*
- 10:00** **Oyster Reef Habitat Restoration**  
*Peter Kingsley-Smith, Ph.D.; SC DNR*
- 10:45** Break
- 11:00** **Develop and select criteria for selecting restoration locations**
